

Application::Application

Application::getInstance

Application::operator=

Application::Application

```
graph LR; A[Application::Application] --> D[Application::Application]; B[Application::getInstance] --> D; C[Application::operator=] --> D;
```

The diagram illustrates a mapping or relationship. On the left, there are three separate boxes, each containing a text label. On the right, there is a single, larger box, also containing a text label. Three blue arrows originate from the right side of each box on the left and point towards the left side of the box on the right. The box on the right is shaded gray, while the boxes on the left are white with black borders.
